SUMMARY

Passionate Front-End Developer with hands-on experience building responsive, user-centric web applications using React.js, JavaScript, and modern CSS frameworks. Proven track record through 3+ internships and 5+ projects. Strong expertise in UI/UX design, API integration, and performance optimization. Eager to contribute to innovative teams at leading tech companies.

EDUCATION

Bachelor of Technology in Computer Science   **2021 − 2025**
ITM Vocational University   *Vadodara, Gujarat*

Higher Secondary Certificate (12th)   **2018 − 2020**

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), Python, SQL
Frontend: React.js, Tailwind CSS, Bootstrap, Context API, Vite, AOS Animations
Backend: Node.js, MongoDB, MySQL, Firebase
Tools & Technologies: Git/GitHub, Figma, XAMPP, Vercel, Razorpay
Soft Skills: Agile Methodologies, Code Reviews, Team Collaboration, Time Management, Problem-Solving

EXPERIENCE

Web Development Intern   **Sep 2025 − Present**
Infotact Solution (Remote)
- Developing responsive user interfaces for real client projects using React.js, Tailwind CSS, and JavaScript
- Collaborating with backend developers for seamless API integration and feature implementation
- Participating in Agile workflows including code reviews, sprint planning, and task estimation
- Optimizing UI/UX performance and resolving cross-browser compatibility issues
- Implementing component-driven architecture and learning production deployment workflows with Git/GitHub

React Developer Intern   **Jun 2025 − Aug 2025**
Venom Technologies
- Collaborated with cross-functional team to build a full-featured e-commerce platform using React.js and Firebase
- Integrated Razorpay payment gateway with secure transaction handling, processing 100+ mock transactions
- Optimized application performance, reducing load times by 30% through code splitting and lazy loading
- Created 10+ reusable React components improving code maintainability and development efficiency

PROJECTS

Hyperlocal Service Marketplace | *React.js, Vite, Tailwind CSS, Context API, AOS, Vercel* | Live Demo   **2025**
- Developed complete frontend for hyperlocal services platform with authentication, service listings, and checkout
- Implemented smooth animations using AOS library and built fully responsive layouts across all pages
- Collaborated with backend developer for API integration, payment features, and deployed on Vercel

Savory Bites − Food Ordering Web App | *React.js, Firebase, Razorpay* | Live Demo   **2025**
- Built user and admin portal with Firebase Authentication and real-time order tracking functionality
- Integrated Razorpay payment flow with coupon system for seamless transaction experience
- Focused on modular component architecture ensuring scalability and maintainability

E-commerce Platform (Desi Etsy) | *React.js, Tailwind CSS* | Live Demo   **2024**
- Designed modern e-commerce interface for handmade products with advanced filtering and wishlist features
- Built responsive product listings and implemented intuitive navigation patterns

Personal Portfolio Website | *HTML5, CSS3, JavaScript* | Live Demo   **2023**
- Built responsive portfolio with smooth scroll animations and interactive UI elements
- Showcased 5+ projects with detailed descriptions and live deployment links

ACHIEVEMENTS & CERTIFICATIONS

Successfully completed 3+ internships, gaining hands-on experience in front-end and full-stack development
Delivered 3+ production-ready projects, including real client work and personal initiatives
Optimized application performance by 30%, demonstrating strong focus on code quality and efficiency
